## QUALITY & VALUE

SeamKing is the ultimate professional grade bulk seaming adhesive. SeamKing creates beautiful, long lasting seams that are specially formulated for both outdoor and indoor applications.

Combining SeamKing with our proprietary BADASS (Bulk Adhesive Dispensing and Seaming Solutions) coloration system, fabricators can produce duplicatable, consistently colored seams within 15 minutes.

## OUR COLLECTION

### 01 | PRO

- Available in Chameleon & Crystal
- 100% Acrylic Polymer
- Proprietary NOVEL formulation for the highest strength bonds
- 100% UV Stable for outdoor applications
- Reduced BPO levels to prevent yellowing
- 1 year shelf life

### CHAMELEON

- Translucent white resin
- Chameleon's translucent white resin is an excellent choice for a diverse array of natural stones and quartz materials.

### CRYSTAL

- Water clear resin
- Crystal is an ideal water-clear resin designed specifically for laminating and seaming light-colored marbles like White Carrara, as well as white or translucent natural stones.

*We loved how simple Seam King was to use. No more over catalyzing or wasting pigments and hardener.*

*-Steve, SPW Surfaces*

### BADASS SYSTEM

BADASS (Bulk Adhesive Dispensing and Seaming Solutions) is a proprietary coloration system allowing fabricators to produce duplicatable, consistent color seams within 15 minutes.
